Mathematics has always been bounded with uncountable formulas, theorems, exceptions and what not, so in order to inculcate the practical knowledge of Mathematics, the CBSE has introduced the practical exams along with the theory for the Class 9 Mathematics. The Class 9 Mathematics lab manual is prepared to serve the same purpose for the students who follow CBSE pattern and other state-boards pattern. It also includes all the projects and activities as per the latest NCERT curriculum. The theories mentioned with each of the activities in the lab manual gives a complete understanding of each concept and formulas. This Class 9 Mathematics lab manual provides the step-by-step procedure, observations, calculations, results and Viva Voce questions in the idol format that is followed in the Laboratory. The author of this Mathematics lab Manual is Mr. Mohit Tripathi who has successfully covered this lab manual with all the projects listed in the NCERT lab manual so that students can easily refer to this for all the information they would require while performing the Mathematics particles. The basic purpose of this lab manual not only eases the approach of the Laboratory courses but also to provide the students appropriate guidance required for carrying out the experiments in math laboratories. All the experiments in this manual have been given to confirm to a systematic format that includes Theory, Material Required, Procedure, Observation, Result, Precautions, Viva Voce and Suggested Activities.
