Initial Development and Validation of Assessments for Predicting Disenrollment of Four-Year Scholarship Recipients from the Reserve Officer Training Corps Daniel J. Putka 2009 "The Reserve Officer Training Corps (ROTC) is an essential commissioning source for the U.S. Army. ROTC has recently produced the majority of the Army's new Officers and yields Officers that eventually reach the highest ranks. Analyses have indicated that Officers graduating from the four-year ROTC scholarship program tend to be more likely than their non-scholarship ROTC, U.S. Military Academy (USMA), and Officer Candidate School (OCS) counterparts to leave after their initial Active Duty Service Obligation (ADSO). Furthermore, relative to non-scholarship Cadets, four-year scholarship Cadets tend to be less likely to complete the ROTC program and become commissioned Officers. Data collected for the current project showed that approximately 10.3% of four-year scholarship freshmen in 2007 disenrolled between their freshman and sophomore years. The primary purpose of the current project was to develop and validate a new measure that would improve the prediction of ROTC continuance for four-year scholarship recipients. The long-term objective of this project is to provide the foundation for future longitudinal research that examines the impact of the new measures for predicting ROTC program completion, commissioning, and career continuance in the Army. This report describes the development of the Cadet Background and Experience Form (CBEF) and its initial validation for predicting disenrollment criteria."--Stinet.

**The College Buzz Book** Carolyn C. Wise 2007-03-26 Many guides claim to offer an insider view of top undergraduate programs, but no publisher understands insider information like Vault, and none of these guides provides the rich detail that Vault's new guide does. Vault publishes the entire surveys of current students and alumni at more than 300 top undergraduate institutions. Each 2- to 3-page entry is composed almost entirely of insider comments from students and alumni. Through these narratives Vault provides applicants with detailed, balanced perspectives.

**Bass & Stogdill's Handbook of Leadership** Bernard M. Bass 1990 For 15 years and through two editions, this handbook has been indispensable for serious students of leadership. Now, in this third edition, Bass introduces a decade of new findings on the newest theories and models of leadership. With over 1,200 pages of essential information, Bass & Stogdill's Handbook of Leadership will continue to be the definitive resource for managers for years to come.

**Army ROTC Cadet Handbook** Army Rotc Rotc 2008-12-01 MISSION: The mission of Army ROTC is to commission the future officer leadership of the United States Army. We strive to meet that mission by offering a classroom curriculum that focuses on developing bright, capable college students into leaders. In our leadership lab, students are given the opportunity to apply the skills they learn in a tactical setting. Since physical fitness is a necessary quality for a future officer, cadets participate in physical training. Army ROTC prepares you for a lifetime of successes. While earning a degree in the field of your choice, you will receive leadership training in judgement, decision-making, values, ethics, communications, critical thinking, management and analysis. We strive to impart all cadets with a sense of self-motivation, discipline, initiative, service, patriotism, and integrity. PURPOSE OF THE HANDBOOK: The purpose of this handbook is to provide general information on Army ROTC. This handbook gives an overview of our program, illustrates how the uniforms are worn, and should answer most questions new cadets have about being a cadet in the Tiger Battalion. This handbook should become a well-worn reference and is designed to be used throughout a cadet's career. It is intended to be a clearinghouse for basic information and should be referenced whenever a question arises. OVERVIEW: The Mizzou Army ROTC program offers classroom instruction, a weekly leadership laboratory, physical training (PT), periodic field exercises, and

several extra curricular opportunities. A cadet in the Basic Course (also known as Military Science and Leadership I and II), can expect to spend one to two hours a week in class, two hours a week in lab, and three hours a week conducting PT with the battalion. Cadets in the Advanced Course (also known as Military Science and Leadership III and IV) spend twice as much time in class, fill leadership and instructor positions at lab and PT, and devote time to preparing leadership assessments and evaluations.
