Teaching Handicapped Students Social Studies

Terry Shaw 1981 Written by teachers, the manual contains nine chapters designed to help regular and special education teachers teach social studies to handicapped students in the mainstreamed setting. Chapters have the following titles and authors: "Social Studies in the Mainstreamed Classroom, K-6" (A. Ochoa, S. Shuster); "My Place in Space--Painting Maps on Classroom Floors" (L. Dunne, O. Knudsen); "Teaching Strategies for Middle-Level Handicapped Students" (L. Barnard); "Modifying Study Guides, Practice and Tests for Students with Learning Difficulties at the Secondary Level" (A. Schlick, et al.); "Cooperative Teaching of Senior High Social Studies to Handicapped Students" (R. Lipelt, K. Meyers); "Improving the Handicapped Student's Self-Concept--Classroom Strategies" (G. Elovitz); "The Open Classroom Approach to Teaching Secondary Social Studies for All Students" (L. Teaching Students who are Exceptional, Diverse, and at Risk in the General Education Classroom Sharon Vaughn 2007 Based on the belief that even small accommodations make a difference in the success of students with disabilities, this text provides classroom teachers with the knowledge, tools, and practical strategies that will empower them to spark learning in every

student. From students with disabilities, culturally diverse students, and students with limited English proficiency to economically disadvantaged students Vaughn/Bos/Schumm provides teachers with the tools they need in their diverse classrooms. Revised to reflect recent changes in the law (IDEA 2004 & No Child Left Behind) and current terminology, the strength of the book continues to be its numerous learning activities and sample lessons addressing both elementary and secondary classrooms. This edition continues its very popular multi- chapter unit on curriculum adaptations with specific strategies and activities for teaching reading, writing, mathematics, content areas, and study skills, which has been further strengthened by a new capstone chapter on teaching self-advocacy, study skills and strategies. The strong emphasis on professional planning and collaboration make it an excellent resource for all teachers. The newest edition features a new chapter on Autism; a new chapter on Developing Independence in Learning; an all new "Tech Tips" features that has received rave reviews; a revised chapter "Managing Student Behavior" that emphasizes school-wide behavior management and positive behavioral support; an expanded chapter on "Collaborating and Coordinating with Other Professionals and Family Members" with increased coverage of co-teaching; a revised chapter on "Planning and Grouping Strategies for Special Learners" that reflects an increased emphasis on grouping; and expanded coverage of secondary education via chapter-opening interviews, new photos, and new examples throughout the text.
