Adolescent Literacy in the Era of the Common Core Jacy Ippolito 2013

Adolescent Literacy in the Era of the Common Core provides school leaders, teachers, and others with strategies and best practices for advancing adolescent literacy in the classroom. Exceptionally clear and accessible, the book addresses a full range of topics in this vitally important field, including disciplinary literacy; vocabulary instruction; classroom discussion; motivation and engagement related to digital literacy; the use of multiple texts; and writing to learn. It will be required reading for all educators concerned with promoting and furthering adolescent literacy today. "This volume is packed with new and useful ideas for educators working to promote adolescent literacy. Six essential and critical domains are discussed, providing instructional examples and frameworks for classroom use. This is a resource that won't just sit on a shelf!" -- Nancy L. Shanklin, literacy, language, and culturally responsive teaching program, School of Education and Human Development, University of Colorado Denver "The editors present research and practice that address six essential domains of adolescent literacy instruction. **Re-Engaging Students for Success** Kathleen G. Velsor 2015-08-12 As of spring 2015 in the states of New York, Tennessee, Washington, and Wisconsin all pre-service teacher candidates are required to pass the Education Teaching Performance Assessment to earn initial teaching certification. California, Georgia, Ohio and Massachusetts are planning to adopt the edTPA while eighteen other states are considering adopting this policy in the near future. Re-Engaging Students for Success: Planning for the Education Teaching Performance Assessment is designed to assist elementary candidates with an educational methodology to pass the Education Teaching Performance Assessment. The methodology can be used to plan, implement, and assess student learning during instruction. Additionally, this method will assist elementary teacher candidates in using the Common Core Standards to design lessons to assess student learning while managing classroom instruction. Candidates who have used this method have successfully beat the tests.

Teaching English to Speakers of ESD, ESL, and EFL Sheilah Ann Bobo 1990 This text concerns itself primarily with the Haitian and Jamaican Creoles, which can best be described as amalgams of European languages and various African linguistic patterns. Haitian Creole is a blend of French and African linguistic patterns. In addition, several chapters dwell on the Afro-American Community Dialect, the linguistic system of many Black Americans which contains a variety of structural features often found in creolized languages, as well as Gullah, a creolized form of English spoken in South Carolina. Includes a description of the grammatical systems of Haitian Creole, Jamaican Creole, and the Afro-American Community Dialect; an indication of the types of problems that Haitian, Jamaican, and Afro-American students may experience in learning Standard English because of linguistic interferences from their first languages; and a compilation of innovative techniques for teaching Standard English grammar and sound system to speakers of English as a Standard Dialect, English as a Second Language and English as a Foreign Language.
